EWING KAUFFMAN President

There was much about Ewing Marion Kauffman in his early years to indicate he might one day own a major league sports franchise, possessing as he does a sense of daring and a tireless capacity for marshalling his own energies. Since both are ingredients critical to success in business and entertainment (which is what baseball has become in America), there are few among his intimates who did not cheer his purchase of the Kansas City Royals in 1968, the city's first "home-owned" major league franchise.

Their optimism proved valid. The club's even-handed philosophy and pervasive team spirit bear the Kauffman stamp. It is not so much the "white hat" syndrome but the conviction of a man who believes you get out of life what you put into it. Woven into his thinking, one must feel, is a deep and abiding belief in the essential value of the person, his dignity and his rights.

Under his guidance the Royals have developed into one of the most successful major league franchises.

It wasn't until 1980 that Mr. K. realized his 1st dream—a World Series in Kansas City as he promised the fans.

Mr. K., as he is known to associates, devotes a good part of his time to Marion Laboratories, Inc., the Kansas City-based pharmaceutical firm which he founded a quarter of a century ago. Today he guides the company in a daily advisory role as chairman of the board and chief executive officer. It was while building Marion to a \$200 million annual volume that he attracted national recognition for his ability to motivate those around him, a philosophy based upon the concept of sharing with Marion people the profits which they help generate.

As to the Royals, Kauffman leaves day-to-day decisions to his executives. He is kept advised of developments and devotes much time to specific American League and major league projects.

He sponsored formation of the Royal Lancers, a group of business men and women who have consistently kept Kansas City ahead of league leaders in season-ticket sales. He has addressed numerous organizations on the value of starting and coordinating similar organizations.

Kauffman's life began on a farm near Garden City, Mo., sixty miles southeast of Kansas City. The family moved to Kansas City when he was a youngster. He attended high school and junior college locally, then spent four years in the Navy.

After a brief stint as a salesman for a pharmaceutical firm, he began in 1950 what was to become Marion laboratories in the basement of the modest family home in Kansas City. The enterprise grew rapidly as a result of the intense personal efforts of its young owner, combining his unusual sales skills with his talent for motivating others.

Kauffman's business and sports leadership have brought numerous honors to the Royals. The Kansas City Press Club voted him Man-of-the-Year in 1973. He was 1976's "Mr. Baseball" honoree at the 1976 Kansas City Baseball Awards Dinner, and later that year was inducted into the Missouri Sports Hall-of-Fame.

JOE BURKE

Executive Vice President and General Manager

Joe Burke has the demanding and complex responsibility of directing the Kansas City Royals' operation. Burke was appointed as the club's Executive Vice President and General Manager on June 11, 1974, and on December 23, 1980, Burke became a minority owner of the American League Champions.

"I am extremely pleased and happy with the way Mr. Burke has operated the club. I have complete confidence in his ability and leadership. With that in mind, I approached Joe following the season with the idea, and he accepted my offer to purchase stock and become a minority owner of the Royals," Ewing Kauffman said in reference to Burke.

Under Burke's guidance and leadership, baseball has achieved the greatest success it has known in its 26-year history in Kansas City. The Royals have won an American League Pennant, brought the first World Series to Kansas City and been A.L. Western Division Champions four times. With Burke in control attendance has climbed from 1,173,292 in 1974 to an incredible 2,288,845 in 1980, including three consecutive two million plus seasons.

It's no surprise that the 57-year old executive has molded the Royals into one of the smoothest run and financially sound operations in baseball as he relies on 33 years of baseball experience.

Throughout his 20 seasons of administrative work in the major leagues he has been an active member in the continued development and structure of Major League Baseball. As the Chairman of the Committee on Divisional Play he was influential in the current structure of the four divisions and the beginning of the League Championship Series. He was also a member of the Committee on Expansion and has served on the Schedule Committee, Division of Receipts Committee and the Player Relations Committee.

In recognition of his efforts and leadership in bringing Kansas City its 1st division championship in 21 seasons, Burke was named 1976 Major League Executive-of-the-Year by The Sporting News. He was selected to the prestigious honor by a vote of the other major league executive officers. Following the Royals' 2nd straight division quest in 1977, Burke received the "Mr. Baseball" Award at the Seventh Annual Kansas City Baseball Award Dinner in January, 1978. The award is presented annually for outstanding service to professional baseball in Kansas City.

Prior to his appointment as the Royals' chief executive, Burke served as Vice President-Business after joining the Kansas City front office on Sept. 3, 1973. He was Vice President and General Manager of the Washington-Texas organization for 5 years prior to joining the Royals. Burke 1st joined the Senators as Assistant General Manager in 1961. He became Business Manager and Treasurer in 1963 and was named Vice President and Treasurer in 1968.

His 1st 12 years in baseball (December, 1948-60) were with the Louisville Colonels in his hometown. He was selected Man-of-the-Year by the Louisville baseball writers in 1960 when the Colonels, then affiliated with the Milwaukee Braves, won the Junior World Series. Burke was General Manager at the time, having taken over the duties in 1956. He started with Louisville as Ticket Manager and was Business Manager for 6 seasons from 1950-55.

Burke and his wife, Mary, make their home in suburban Kansas City. They have 7 children: Joe, Mary Ann, Jimmy, John, Alice, Bobby and Vincent.

SPENCER T. "HERK" ROBINSON

Vice President—Administration

Herk Robinson has developed a strong overall background during his 18 years in major league baseball and serves as a Vice President—Administration. He is responsible for the administrative functions of the day-to-day operations of the front office and stadium. Included in his responsibilities are the ticket office, stadium club and all stadium activities such as crowd control, ushering, parking, concessions, maintenance and special events.

Robinson, 40, has been with the Royals since December of 1969 when he began as Assistant Scouting Director, a position he held until promoted to Director of Stadium Operations in November of 1973. While working in scouting he was instrumental in the search and signing of many of the current players in the Kansas City organization.

Prior to joining Kansas City, Robinson worked for the Cincinnati Reds (1962-67), Baltimore Orioles (1968) and an advertising and public relations firm. With the Reds his experience included serving as secretary to the minor league clubs, administrative assistant to the minor league clubs and scouting and assistant farm director. During his year with the Orioles he was a full-time scout.

Robinson attended the University of Miami in Coral Gables, Fla., and Washington University in St. Louis, majoring in business administration and minoring in journalism. He and his wife Kathy and daughters Ashley and Amanda reside in suburban Kansas City.

JOHN SCHUERHOLZ

Vice President—Player Personnel

Supervision of minor league operations and heading scouting and player development while also assisting Joe Burke in many major league matters are the responsibilities of John Schuerholz.

His duties include supervision and assignment of the Royals' full-time scouting staff and coordination with the Major League Scouting Bureau in the club's comprehensive search for player talent. He is also responsible for the operation of the organization's minor league teams. He is the only person in the Royals' operation who has been involved with every player that has come through the Kansas City farm system.

The 40-year old Baltimore, Md., native possesses strong qualifications to head the vital life-line of player talent for Kansas City. He was part of the Royals' staff back in 1968 when Kansas City formed its original roster in the expansion draft and has played a key role in the organization's continued development of talent. Schuerholz was named as Director of Scouting and Player Development in April of 1976. He was appointed as Farm Director in September of 1975 after serving as Assistant Director of Player Procurement and Development. He originally joined the Royals in August of 1968 as an Administrative Assistant and then became Assistant Farm Director 16 months later.

Schuerholz' 1st exposure to Major League Baseball came with Baltimore where he served as assistant to the minor league and scouting department for 2 years. He is a graduate of Towson (Md.) State College, where he was an all-conference choice in baseball and soccer and was Athlete-of-the-Year in 1962. He was inducted into the school's Athletic Hall-of-Fame in 1973. He and his wife Karen, daughter Gina, and son, Jonathan, reside in suburban Kansas.

Rohr was born in Denver, Colorado, but grew up in the Kansas City area where he attended Bishop Miege High School. He received his Bachelor of Science Degree in Accounting from Kansas State University in 1970.

THE MANAGER

FREY, JAMES GOTTFRIED

#41

Jim, 5-9, 170, age 49 (turns 50, May 26, 1981), was born in Cleveland, Ohio . . . he and his wife, Joan, have 4 children: James (2-10-53), Cindy (2-7-57), Mary (3-29-62) and Jennifer (7-10-63) . . . the Freys reside in Timonium, Md. . . . Jim has attended Ohio State University (Columbus, Ohio) . . . he and Texas manager Don Zimmer grew up together and were high school teammates at Western Hills High School in Cincinnati . . . the 1980 season is the 2nd year as a major league manager for Frey.

Frey became only the 10th manager in the American League and 18th manager in Major League baseball to guide his club into the World Series in his rookie season . . . his leadership provided the Royals with their first American League Pennant and Kansas City with its first World Series appearance in 26 years of major league baseball . . . under Jim, the Royals recorded their widest division-winning margin ever as KC won the Western Division by 13 games, which was also the widest margin of the four 1980 Major League division winners . . . his guidance also provided the Royals with a .97-65 (.599) record, 2nd best in club history . . . his 1980 Royals established numerous offensive club records, led the A.L. with a .286 batting average and ranked among the league leaders in many other categories . . . Frey also kept the pitching staff under close scrutiny and the team ERA dropped by nearly a full run over 1979.

"We will begin the 1981 season with high expectations and hopes. It's no secret that it's tough to repeat as champions, but we're looking forward to the challenge," Frey says as he views 1981. "Really, we're heading into spring training with fewer questions than last year. We know U.L. Washington is set at shortstop and that Willie Aikens is sound physically and can play on an everyday basis. Clint Hurdle is more established and Dan Quisenberry has removed most of our questions in the bullpen."

"Our biggest concerns are that we hope to stay away from injuries to key players and that most of the players play up to their potential. We believe we have quality players at each position and if we're up to our potential we have a good chance to win. I don't think it is fair or realistic to expect George Brett to hit .390 and Dan Quisenberry to save 33 games again, but we have to believe Brett is going to continue to be one of the most productive players in baseball. If anything, he seems to get better each day."

"We are going to continue to be an aggressive offensive team, work hard on fundamentals and rely on steady and consistent pitching. All we can do is try to win everyday from opening day through the rest of the season and let everything else take care of itself."

Frey has 30 years of experience in professional baseball, including 15 with the Orioles. He served as the club's hitting instructor for 10 seasons and his coaching duties also included serving as bullpen coach from 1970-1975 and first base coach from 1976 through 1979.

The Royals skipper relies on a well-rounded background. Prior to his coaching stint with Baltimore, Frey scouted for the Orioles from 1966-69 and managed the Bluefield Orioles in 1964-65. He managed Magallanes in the Venezuelan League in 1973-74 and has worked as hitting instructor and training program coordinator for the Orioles' Florida Instructional League club.

Frey spent 14 years as an outfielder in the minor leagues. He did not reach the majors, but compiled a lifetime average of .302, winning batting titles in 1957 (Texas League) and 1960 (International League). While winning his first batting crown he also led the loop in seven offensive categories and was selected as the league's Most Valuable Player.

Player-of-the-Week for May 1-16 when he went 15-for-27 (.555) ... one of his greatest individual games came on Sept. 10 when he was 5-for-5 with a game-winning single in the bottom of the 10th against the California Angels ... for his '76 efforts he was selected to the All-American League team at third base by The Sporting News, UPI and Baseball Bulletin and to the All-Major League unit by the Associated Press ... he was named Royals' Player-of-the-Year by the local baseball writers for the 2nd consecutive season ... in 1975, with only 1 previous full season under his belt, George led the American League with 195 hits ... he also paced the league in at-bats with 634 and his .308 average topped the Royals and listed 6th in the league ... he tied for the loop championship with 13 triples and was 5th in total bases with 289 ... George was named to the All-Major League team by UPI and led his A.L. counterparts in every offensive department except homers ... among his numerous individual accomplishments was a 5-for-5 outing with 4 RBI and a game-winning hit Sept. 3 vs. California ... also collected 13 consecutive hits off Angels' pitcher Ed Figueroa and ended the season with 14-for-16 (.875) vs. the tough righthander ... in 1974 he opened the season at Omaha but was recalled May 3, 4 days after starting third baseman Paul Schaal was traded to California ... he hit .340 (69-for-203), hitting safely in 40 of the final 53 games ... hit his 1st homer off Fergie Jenkins on May 8 ... following the season he was named to the All-Rookie team by Baseball Digest and finished 3rd in voting for the League's Rookie-of-the-Year ... in 1973 George received his 1st taste of big league action during 2 different periods ... the 1st stint was 2 weeks beginning Aug. 2 when Paul Schaal was injured ... he was 20 years, 2 months, and 18 days old and thus was the youngest Royal to make a major league appearance until Clint Hurdle bested the mark in '77 ... George spent only 3 years in the minors after signing as a shortstop ... in '71 he was the shortstop on the All-Pioneer League squad and National Association All-Rookie team ... he was selected to the 1973 American Association All-Star team and received All-League laurels at the season's conclusion ... his highest batting average in the minors was .291 in his rookie season ... he played baseball and football at El Segundo (Calif.) AL ZYCH EQUIPMENT MANAGER

Al Zych begins his 13th season with the Kansas City Royals. He has been the club's equipment manager since the organization began play in 1969.

Al relies on his background in professional baseball and the sporting goods business. He spent 9 years as a professional player in the minor leagues after signing with the New York Yankees as an infielder in 1944. In 1953, he left baseball to work for Wilson Sporting Goods for the next 9 years. He then joined the Kansas City Athletics in 1963 as equipment manager, a position he held until joining the Royals' staff.

PERSONAL: Ken, 5-11, 190, age 32 (turns 33 Sept. 18, 1981), was born in Brooklyn, N.Y. . . . he is single and now resides in Hermosa Beach, Calif., during the off-season . . . is an older brother of KC's All-Star 3rd baseman George Brett . . . a veteran pitcher, Ken has logged service in ten full-seasons and parts of two other big league campaigns prior to 1980 . . . has toured both the American and National Leagues while seeing action with ten different clubs . . . joined the Royals' organization as a free agent when signed to a minor league contract on August 18 last year . . . has been a starter throughout the bulk of his career, but has also worked effectively out of the bullpen . . . his experience could play an important role in the Royals' lefthanded relief strength in '81.

1980 HIGHLIGHTS: Although his 1980 action was brief, Ken turned in fine work on the minor league level to earn a jump to KC on August 29 . . . his performance in the bullpen the final month of the season with KC was also encouraging despite limited work . . . Ken reported to the Royals' triple-A club at Omaha after signing with the organization on August 18 . . . over the next ten days he made five appearances, including four relief stints, to earn the promotion to the parent club . . . his best performance in the American Association was a scoreless two-inning stint on August 21 against Indianapolis when he yielded just two singles . . . overall he worked nine innings at Omaha without earning a decision . . . continued to turn in steady performance with the Royals . . . his longest and perhaps stoniest outing came in his first appearance in a KC uniform . . . on September 1 vs. Milwaukee he came out of the bullpen to surrender just a pair of walks while holding the Brewers hitless over 4.1 innings . . . over his first three relief appearances through September 7, he allowed only three walks while turning in hitless work in 5.0 frames . . . Ken picked up his first save on October 1 at Kansas City when he worked a perfect 9th inning and fanned one in KC's 4-1 triumph over Seattle . . . overall, Ken worked 13.1 scoreless innings with KC, giving up only eight hits.

CAREER HIGHLIGHTS: Ken's lengthy career has been dotted with several achievements and a busy role in the pitching schemes of several successful clubs . . . prior to joining the Royals in 1980 he performed for nine different major league clubs while making stints in both leagues . . . previous A.L. teams include Red Sox, Brewers, White Sox, Yankees, Angels and Twins . . . has seen N.L. duty with the Phillies, Pirates and Dodgers . . . Ken was the Red Sox' top draft pick in June of 1966 and spent less than two seasons in the Boston farm system before making it to the majors at the end of the '67 campaign . . . he turned in another brief stint the next year and then full-seasons at Boston in 1970 and '71 . . . after turning in work in the Milwaukee rotation in 1972 he displayed his talents with the Phillies in '73 and enjoyed one of his finest seasons while 13-9 with a 3.44 ERA . . . in '74 he played a significant role at Pittsburgh, once again recording a 13-9 record en route to a personal ERA best of 3.30 . . . Ken was a member of the National League All-Star pitching staff that year and picked up a win in the Mid-Summer Classic with two scoreless frames . . . was 9-5 for the National League Eastern Division champs the following year and then split the '76 campaign between the Yankees and White Sox . . . although 10-12 with Chicago, he established an individual high for complete games (16) and turned in the second best ERA of his career (3.31) . . . Ken divided the '77 season between the White Sox and Angels, logging a 13-14 overall ledger while establishing career highs for starts (34) and innings (225) . . . he was with the Angels again in 1978 and began a transition to the team that carried him to the Twins and Dodgers in 1979 . . . was 4-3 with a pair of saves and 3.45 ERA over 30 bullpen stints after joining Los Angeles in mid-June . . . One of baseball's best hitting pitchers, Ken holds the major league record of homers in four consecutive games by a hurler . . . he accomplished the feat June 9-13-18-23 in 1973, with the Phillies . . . he sports a lifetime average of .262 (91-for-347) with ten homers . . . prior to beginning his pro career, Ken pitched on championship Little League, Babe Ruth League (including 1964 national champs from El Segundo, Calif.) and high school teams.

PERSONAL: Rich, 6-7, 225, age 26 (turns 27, Jan 19, 1981), was born in Littleton, N.H. . . . he and wife Susan have a home in suburban Lee's Summit, Mo. . . . attended the University of New Hampshire, where he played both baseball and basketball . . . a hard-thrower who complements good fastball with curve and slider, Rich is in his fourth major league season . . . has played a major role in KC's starting rotation past three seasons.

1980 HIGHLIGHTS: Rich overcame a slow start and a nagging shoulder injury to register a fine 1980 performance as an instrumental figure in the Royals' starting rotation . . . when healthy he was one of KC's most effective pitchers and during a mid-season stretch he put together a remarkable string of wins . . . Rich opened the season by dropping his first five decisions over eight starts through May 16 . . . he then got his act together in brilliant fashion, moving his record to 13-7 by reeling off wins in 13 of his next 15 decisions from May 20—August 23 . . . from June 7—August 23 he won 12 straight starting decisions (13 starts) while dropping just one game as a reliever on June 11 in the second game of a twin bill at Cleveland . . . the string of 12 straight triumphs as a starter established a club record . . . during the stretch he put together an 11-game winning streak from June 17—August 23 while working 88.1 innings, yielding just 61 hits and 20 earned runs while walking 27 and fanning 40 for a 2.04 ERA . . . was KC's Pitcher-of-the-Month in June with a 4-1 record and 1.60 ERA . . . Rich was slowed down the stretch with tendonitis in his right shoulder, a problem which actually began in early July when he was forced to leave a start vs. Minnesota on July 2 after limiting the Twins to just two hits through five innings . . . continued to battle shoulder woes down the stretch and from August 28 through the close of the season he worked in just six contests, making four starts and two relief appearances . . . during the year Rich fired a 4-hitter, a 5-hitter and a 6-hitter for his low-hit outings . . . in the first game of a double header at Toronto on August 8 he picked up his only shutout of the season by blanking the Blue Jays on 4-hits for a 7-0 triumph that included one walk and three strikeouts . . . his strikeout high of seven was recorded April 26 against the Orioles in eight innings . . . on the final day of the season Rich combined with Paul Splittorff for a 4-0, one hitter over the Twins . . . he worked the last four frames without surrendering a hit to pick up his first big league save.

DESIGNATED HITTER RULE

A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

PERSONAL: Renie, 6-4, 185, age 25 (turns 26, August 30, 1981), was born in Dover, Del., where he still resides during the off-season . . . was named his home state's Athlete-of-the-Year in 1980 . . . is a 1977 graduate of Richmond University with a degree in finance . . . moved rapidly through the Kansas City minor league system in 3 seasons to earn 1st full major league campaign with the Royals in '80 . . . was used almost exclusively as a reliever in the minors, but has demonstrated the ability to step into the starting rotation and provide solid work . . . possesses good fastball and excellent curve, but has experienced some control problems . . . his continued progress and experience will play a major role in KC's 1981 pitching performance.

1980 HIGHLIGHTS: In his first full major league season, Renie proved a valuable addition to the Royals' pitching staff by turning in solid work, both as a starter and in the bullpen . . . in 20 starts he produced a 9-9 record and although his relief work was limited late in the year, he was 1-1 with a pair of saves . . . the rookie righthander really gave Kansas City a lift early in the season when he came out of the bullpen to help the starting rotation overcome what could have been a damaging injury to Paul Splittorff . . . Renie made his 1st big league start on May 10 against the Red Sox and picked up a 13-8 triumph at Fenway Park before a national television audience . . . the contest began a 4-game winning streak and a stretch through June 4 that saw him win 6 of 7 starting verdicts . . . one of his finest showings came May 13 at Yankee Stadium in his 2nd big league start . . . Renie picked up a 4-1 win, going 6 innings, allowing 1 hit, 1 run and 2 walks while fanning 3 . . . a single by Rupert Jones with 2-out in the 6th frame broke up his no-hit bid . . . he fired a 5-hit, 9-3 win against the Yankees on June 4, allowing 3 walks while picking up a strikeout . . . his strikeout high of 5 was accomplished on 3 occasions, all as a starter . . . Renie was 8-5 at the All-Star break, turning in 13 starts and 5 relief stints . . . as a reliever his longest sting was a 4.2-inning performance July 29 at Baltimore . . . he picked up a win out of the bullpen April 20 at Detroit, giving up 3 hits and an unearned run over 3.2 frames for a 9-6 decision . . . saves came August 20 at Toronto with a scoreless inning in KC's 5-3, 12-inning win and on August 27 at Milwaukee when he retired the final 3 hitters enabling the Royals to claim a 5-4 triumph.

CAREER HIGHLIGHTS: Renie has developed into a versatile member of the Royals' pitching staff in his 1st 2 major league seasons . . . after working almost exclusively in relief during his 3-year minor league career (4 starts in 94 appearances), Martin made 20 starts in 32 appearances with KC last year, while also working in long middle and short relief . . . Renie spent a busy '79 campaign seeing bullpen duty on the double-A and triple-A levels in addition to logging his first taste of big league service with the Royals . . . began season with Jacksonville where he was 3-1 with 3 saves and a 1.00 ERA over just 8 relief stints in the Southern League . . . jumped to the big league level on May 9 and turned in solid work with KC initially before struggling with control problems . . . was optioned to Omaha on June 13 to regain early-season form . . . rejoined parent club on August 28 after posting a 6-2 record, 7 saves and 3.14 ERA in 33 appearances in the American Association . . . overall with KC he was 0-3 with a 5.19 ERA, but tied for the runner-up spot with 5 saves despite being on the major league picture a little over 2 months . . . had fine strikeout ratio of 6.4 per 9 innings with the Royals . . . Renie made big jumps during each of his 3 previous seasons . . . he climbed from KC's A-club at Fort Myers to Omaha on the triple-A level in '78 . . . relief work with Omaha helped them to an American Association flag as he was 2-2 with a save and 3.26 ERA in brief 13-game stint . . . was 3-4 with 7 saves and a 2.06 ERA at Ft. Myers . . . in his '77 rookie season Renie logged his only time as a starter at Sarasota when he was 3-1 with a 3.48 ERA over 4 starting assignments . . . shifted to the bullpen the same year when promoted to Daytona Beach, where he was 2-2 with 4 saves and a 2.70 ERA in 10 appearances.

Rance's top contest was a 3-for-5 outing at Minnesota on September 28.

R-R QUISENBERRY, DANIEL RAYMOND (P) #29

PERSONAL: Dan, 6-2, 180, age 27 (turns 28, February 7, 1982), was born in Santa Monica, Calif. . . he and wife Janie and daughter Alysia Ann (10-28-79) reside in Blue Springs, Mo., throughout the year . . attended Orange Coast College in Costa Mesa as well as LaVerne (Calif.) College . . was groomed as a reliever in the KC farm system and has turned in key bullpen work the past 2 seasons, particularly a year ago when he anchored the KC relief corps with a record-setting performance . . throws with a submarine motion and his primary pitches are a sinking fast-ball and slider . . is effective against both righthanders and lefthanders and has demonstrated outstanding control.

1980 HIGHLIGHTS: Dan's emergence in the bullpen in 1980 was 1 of the biggest factors in Kansas City's drive to the A.L. pennant . . earned the Roloids' Fireman-of-the-Year honor while establishing a record of 83 points and received mention in Cy Young and MVP balloting . . was selected as the Royals' Pitcher-of-the-Year as result of his relief contributions . . Quiz led the league in appearances (75) and games finished (68) and was tied for the top spot in saves (33) with New York's Rich Gossage . . his appearances eclipsed the former Royals' record of Tom Burgmeier (68 in 1971) and his save total bested the previous club best of 23 established by submariner Ted Abernathy the same season . . with 33 saves and 12 victories, Dan figured in 46 percent of the Royals' 97 wins a year ago . . he entered 41 games with KC leading and the Royals' won all but 2 of the contests (95 percent) . . he finished all but 3 of the 41 games, registering 33 saves, 5 no-decisions and 3 losses . . Quiz took the mound on 15 occasions with the score tied and chalked up 10 wins with 1 no-decision and 4 losses . . when he received the call from the bullpen it almost always signalled the end of opposing rallies as he squelched late-inning uprising with scoreless stints in 50 of his 75 appearances . . Dan's pitching breakdown is interesting in comparison to a power relief pitcher in that he allowed 129 hits in 128.1 innings and had only 37 strikeouts . . however, the KC bullpen ace walked only 27 hitters and 15 were intentional passes . . consistency was his biggest asset as he posted a 6-4 mark with 15 saves and a 3.16 ERA over 62.2 frames prior to the All-Star break and a 6-3 mark with 18 saves and a 3.01 ERA over 65.2 innings following the break . . indicative of his significance to the club were his performances during the Royals' 2 key surges . . from May 8-June 13 the Royals were 24-9 and climbed from 4th place, 2½ games off the pace, to 1st place and a 6-game advantage . . Quiz was 3-1 with 8 saves and 1.16 ERA in 28.1 innings in which he allowed only 11 earned runs . . in the 1st 40 games following the All-Star break the Royals played at a 31-9 clip (July 10-August 20) and Dan contributed a 4-0 record, 12 saves and 2.22 ERA during the span . . in a 24 game stretch from August 1-24 he appeared in 15 games and was 3-0 with 4 saves and a 1.14 ERA while working 23.2 frames . . Quiz went from June 24-August 5 without a loss in 32 appearances . . he was 6-0 with 20 saves in the span and during a 17-game stretch from July 29-August 26 he chalked up 4 victories and 11 saves . . his longest outing of the season came August 9 at Toronto when he pitched 5 innings in a 4-3, 14-inning loss in which he did not figure in the decision . . his strikeout high for the year was 3 in the 5-inning stint.

CAREER HIGHLIGHTS: Quisenberry's steady and consistent performance through his 4½ year minor league career earned the reliever a spot on the major league roster in mid 1979 and led to 1 of baseball's top success stories in 1980 . . in his 1st big league campaign he developed into a key figure with a 3-2 record, 5 saves and 3.15 ERA . . he concluded initial major league stint with the top ERA among KC relievers, the 2nd highest total for appearances (32) and shared the runner-up spot in saves . . while at Omaha the opening portion of '79 he posted a 2-1 record and 5 saves with a 3.60 ERA over 26 bullpen appearances . . SAVE RULE

Saves shall be awarded to relief pitchers under the following criteria:

Rule (10:20) tells the official scorer to credit a pitcher with a save when he meets all 3 of the following conditions: (1) He is the finishing pitcher in a game won by his club; and (2) He is not the winning pitcher; and (3) He qualifies under one of the following conditions: (a) He enters the game with a lead of no more than 3 runs and pitches for at least 1 inning; or (b) He enters the game with the potential tying run either on base, or at bat, or on deck (that is, the potential tying run is either already on base or is 1 of the 1st 2 batsman he faces); or (c) He pitches effectively for at least 3 innings.

PERSONAL: Paul, 6-3, 210, age 34 (turns 35, October 8, 1981), was born at Evansville, Ind. . . . he and wife Lynn, daughter Jennifer (6-18-69) and son Jamie (10-12-73) reside in Blue Springs, Mo. . . . Paul owns a Bachelor of Science degree in Business Administration from Morningside College in Sioux City, Iowa . . . experienced lefthander is winningest hurler in Royals' history . . . has been a mainstay in KC starting rotation the past 10 seasons . . . strong suites are his savvy, sharp control and breaking ball.

1980 HIGHLIGHTS: Paul was once again an important member of the Royals' starting rotation despite being somewhat of a hard-luck pitcher . . . his overall credentials in '80 were greatly affected by a back problem which plagued the veteran lefthander nearly all season . . . still finished 3rd on the staff in victories (13), starts (33) and innings pitched (204) . . . was 5-6 with a 4.15 ERA at the All-Star break, but was 9-5 the 2nd half of the season . . . a tough-luck pitcher in certain respects, Paul probably benefited from KC's explosive offense less than any member of the starting rotation . . . in 4 of his 13 wins he worked with 3 or less runs and the Royals scored 3 or less runs in all but 1 of his 11 defeats . . . he missed considerable action during May, spending time in traction at 1 point due to back spasms . . . didn't make a start during a 3-week period from May 8-26 and then was bothered again by back woes during the final weeks of the season . . . 1 of Paul's strongest stretches came when he opened the campaign by winning 3 straight (4 starts) from April 13-April 27 . . . perhaps his top individual outing came at Cleveland on September 5 when he bested the Indians, 2-1, with a 4-hitter that included a walk and a strikeout . . . on April 27 he fired a 3-2 triumph against Baltimore, limiting the Orioles to 6 hits and 1 earned run while walking 4 and fanning a pair . . . although he dropped a 2-1 decision, another of his top performances came July 1 vs. Minnesota when he yielded 7 hits and a walk while striking out 3 Twins . . . Splitt's strikeout high of 5 was recorded in a 3-2 setback against Detroit on July 10 . . . Splitt closed out the year by winning 3 of his final 4 decisions . . . his last outing was a 4-0 win over Minnesota on October 5 when he combined with Rich Gale for a 1-hitter . . . Paul worked the opening 5 frames allowing 1 hit in picking up his 14th win.

CAREER HIGHLIGHTS: Paul has used 9 full-seasons and parts of 2 more in a Royals' uniform, the longest stint in club history, to place his name atop nearly all the club's all-time pitching charts . . . his lifetime totals include team highs for victories (137), games (340), starts (319) and innings (2110) and is 2nd in complete games (83), shutouts (17) and strikeouts (870) . . . over the past 8 years Splitt has provided KC with an average of 15 wins and 33 starts per season . . . in addition, he has tossed one-hitters 3 times during his career . . . Splitt ranks 9th in total wins among active pitchers in the A.L. and 19th in the majors . . . he is 4th in the league in wins among lefthanders and 7th among lefthanders in the majors . . . in 1979 Paul picked up 15 wins (15-17) for the 4th time in his career and completed another season as a key figure in the Royals' starting rotation . . . he paced the staff in starts (35) and innings (240) and accumulated the 2nd best victory and complete game (11) counts . . . 1 of Paul's finest seasons came in 1978 as he was just 1 victory short of the 20-win circle that year . . . his victory total, the 2nd highest of his career, as well as his figures for innings pitched, starts and complete games all ranked 2nd on the staff to Dennis Leonard's counts . . . innings pitched matched his previous personal best of '73 and his complete games were a career best . . . upped his record to include 10 wins by All-Star break and then closed out the year by winning 8 of his last 12 decisions . . . Paul enjoyed a solid year in 1977 . . . his .727 winning percentage (16-6) ranked 3rd in the league to Don Gullett's .777 (14-4) and teammate Doug Bird's .753 (11-4) marks . . . he reached the 3rd best totals of his career in wins (16) and starts (37) . . . his starts tied Dennis Leonard for the team lead and were tied for 5th in the A.L. . . . his victory total was 3rd on the KC staff and listed in a 9th-place tie in the loop . . . Splitt turned the season around in mid-May . . . after getting off to a 1-4 start, he posted a 15-2 record from May 20 through the end of the season . . . he won his final 7 decisions and 10 of his last 11 decisions . . . in his 15-2 streak Paul made 27 starts and the Royals won 23 . . . he tossed a pair of shutouts during the season including a 1-hitter over Milwaukee on Sept. 2 . . . Charlie Moore's pinch hit single with 2 out in the 8th inning spoiled his no-hit bid in the 3-0 win . . . he walked 3 and fanned a season high 9 batters in the contest . . . in 1976, Paul recorded 1 of his top campaigns despite suffering a finger injury that forced him out of action from mid-season until the final days of the season . . . all but 3 of his appearances and 1 of his starts came prior to August . . . he overcame a slow start and 3-6 record to reel off a then club record of 8 consecutive winning decisions from June 6-July 22 . . . he suffered a critical setback on July 27 at California . . . after 5 innings in that game Splitt was forced to leave the contest with a swollen index finger on his left hand . . . he was placed on the disabled list the following day and treatment for the tendonitis injury shelved him until Sept. 10 . . . the return paid big dividends to the Royals in the ALCS as the veteran southpaw posted a victory in 2 relief appearances while limiting the Yankees to only 2 runs and 7 hits in 9.1 nings . . . in 1975 Paul also overcame a slow start to finish the season as 1 of the team's most effective hurlers . . . keying the resurgence was a sterling mid-season stint in the bullpen—his 1st as a pro—in which he posted a 2.22 ERA and recorded a victory and save in 24 innings . . . once back in the starting rotation he kept his touch by twice putting together long strings of

SPLITTORFF Continued

near-perfect work . . . 1st stretch was a 25 inning period without an earned run that began Aug. 3 and spanned 4 starting appearances . . . setting the feat in motion was a brilliant 1-hitter over the Oakland A's . . . Splitt allowed a 1-out walk to Phil Garner and an infield hit to Claudell Washington and then retired 26 straight to end the game with a 5-0 triumph . . . the 26 consecutive batters retired in a game established a club record . . . the 2nd strong ran 24 innings without a run from Aug. 21—Sept. 9 . . . included were back-to-back 7-0 shutouts vs. New York and Chicago . . . the highlight of Paul's career was the 1973 season when he became Kansas City's 1st 20-game winner . . . his 20-11 record with a .645 winning percentage was 4th best in the league . . . he also set KC records for innings and starts . . . a muscle pull in his back kept him out for 2 weeks in July and probably cost him a berth in the All-Star Game . . . Paul's career strikeout high is 10 . . . he accomplished the mark 1st on Sept. 5, 1972 vs. Texas and last repeated it on Sept. 16, 1973 . . . his 1972 victory total tied for tops on the Royals' staff . . . he won 9 of 1st 13 that year . . . Splitt was the 1st player originally signed by the Royals to make it onto the major league roster (Oct. 24, 1969) and was the 2nd to appear in a game . . . Jim York beat him by 2 days . . . Paul's 1st appearance was Sept. 23, 1970 . . . while pitching for Omaha in 1969 he was selected for the American Association All-Star Game . . . he helped Omaha to league titles in both '69 and 1970 . . . was named to All-New York-Penn League team in '68 . . . he was basketball-baseball star at Morningside and Arlington Heights (Ill.) High School . . . Paul pitched for the United States team in the Pan-American Games in 1967 when it won the championship at Winnipeg, Canada.

PERSONAL: Jim, 6-6, 220, age 25 (turns 26, March 3, 1981), was born in St. Joseph, Mo. . . he and wife Kathy, son James Lee (5-28-77) and daughter Jacoba Lynn (2-26-79) still reside in his hometown, located only 55 miles north of Kansas City . . . was acquired by the Royals from the Phillies' system this past winter in the annual Major League Draft . . . has been on the pro scene since 1973, but injuries have greatly curtailed his service the past 3 years . . . followed 1980 season on triple-A level with rehabilitation program at Clearwater, Fla., continuing long road back from arm woes . . . was considered 1 of baseball's top young pitching prospects prior to suffering arm problems for the 1st time in 1977 . . . is power pitcher who is hopeful that comeback trail will culminate with spot on KC roster in '81.

1980 HIGHLIGHTS: Jim turned in his 1st full-season since 1976, logging work in the Oklahoma City starting rotation . . . began year slowly as his work was monitored closely due to 2-year layoff . . . performances were limited to 5 or 6 innings much of the year, but down the stretch he increased his work as his arm strengthened . . . longest winning streak was 3 contests in early June that pushed his mark to 5-3 . . . 1 of his finest outings of the year came June 6 against Iowa when he went 7.0 innings without yielding a run . . . the stint, his longest of the year, saw him give up 6 hits and 2 walks while fanning 5 . . . Jim's strikeout high of 5 was accomplished on 3 occasions.

CAREER HIGHLIGHTS: Despite injuries, Jim has compiled an impressive 58-37 (.611) minor league record since 1973 . . . injuries to pitching arm have either sidelined or limited him since August of 1977 . . . was having outstanding 1977 season in his 1st year on the triple-A level when halted on August 3 because of arm ailment . . . was 14-6 in only 22 starts at Oklahoma City prior to the injury . . . injury popped up again during '78 spring training session . . . he began '78 at Oklahoma City, but after only 5 starts was forced to undergo surgery for bone defect in arm . . . was back in Phillies' spring camp the next season (1979) but hard-luck pitcher was again struck by injury bug . . . suffered broken right arm at Clearwater on March 21 and was sidelined all year long . . . extensive examination (X-rays, body scans and tomagram) at Methodist Hospital in Philadelphia on December 12, 1979, revealed that his arm healed properly . . . off-season rehabilitation program enabled him to take a big step last year by turning in full-year of service at Oklahoma City . . . during a 3-year period from 1975-77 the big righthander posted an outstanding 41-18 (.695) mark while moving rapidly through the Phillies' system to the triple-A level . . . perhaps his finest season was a 13-5 mark with career-best 2.39 ERA at Reading in '76 . . . had brilliant campaign in '75 at Spartanburg, pacing the Western Carolinas League in wins (14) and complete games (15) while sharing the shutout high (4) . . . also set career highs for both innings (181) and strikeout (127) that summer . . . Jim began his 8-year career in 1973 after being selected as Philadelphia's 5th choice in the June Free Agent Draft . . . he graduated that spring from Benton High in St. Joseph.

NO-HITTERS

Steve Busby and Jim Colborn are the only pitchers in Kansas City's modern major league history to have hurled no-hitters.

Busby accomplished the feat on two occasions, the first coming in Tiger Stadium when he held Detroit hitless on April 27, 1973. Busby gave up 6 walks and struck out 4 as Kansas City won 3-0. His 2nd gem also came on the road on June 19, 1974 at Milwaukee's County Stadium where he blanked the Brewers, 2-0. It was in near perfect fashion as the only baserunner was George Scott, who walked to lead off the 2nd inning.

Colborn recorded the 1st no-hitter by a Kansas City pitcher at Royals Stadium on May 14, 1977, when he blanked the Texas Rangers, 6-0. It too was nearly a perfect outing as Colborn walked one batter and hit another while facing only 28 hitters.

Busby and relief pitcher Doug Bird teamed up for a no-hitter against Detroit April 23, 1973 during the exhibition season. Busby pitched the 1st 6 innings and allowed only 2 baserunners—1 reached by a walk and the other on an error. Bird pitched the final 3 innings and allowed only 2 walks as KC won 4-1.

After dusting off the record books, it has been discovered that back in 1888 Henry Poter hurled a no-hit game for Kansas City's American Association major league club. It was a 4-0 win in Baltimore as the righthander walked 2 batters.

Until Busby and Bird teamed up for their gem, the last professional no-hitter by a Kansas City hurler had been Ernie Nevel's 7-inning gem in the Triple-A American Association in 1951.

Kansas City had 5 minor league 9-inning no-hitters while it was in the American Association, the last 1 Carl De Roses' perfect game in 1947.

California Angels' ace Nolan Ryan recorded the 1st no-hitter in Royals Stadium on May 15, 1973. He struck out 12 and allowed only 3 base runners—all on walks.

The only other no-hitter thrown against Kansas City came when Jack Kralick of the Minnesota Twins no-hit the Athletics at Bloomington on Aug. 26, 1962, for a 1-0 victory. He came within 2 outs of pitching a perfect game. With 1 out in the 9th inning, he walked pinch hitter George Alusik on a 3-2 pitch.

Carl DeRose of the Blues of the American Association hurled the only professional no-hitter in Municipal Stadium when he blanked Minneapolis 5-0, on June 26, 1947. He faced only 27 batters, making it the first perfect game in American Association history.

SCORING RULE—PINCH HITTERS

A player shall be considered a pinch hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. (If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch hitter during that second time up.)

A substitute hitter for a designated hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a designated hitter only.

THREE HOME RUNS IN A GAME

Three players in Royals' history have hit 3 home runs in a game. John Mayberry accomplished it twice—at Texas, July 1, 1975, and at Toronto, June 1, 1977. Tony Solaita hit 3 homers at California on Sept. 7, 1975(11 innings) and George Brett became the last to do it at Texas, July 22, 1979. No player has ever hit 3 homers in a game at Royals Stadium.

The Royals' farm system and scouting department are under the guidance of John Schuerholz, vice president—player personnel. Dick Balderson, director of minor league operations, plays a primary role in the day-to-day administration of the organization's 6 minor league affiliates and Dean Taylor, administrative assistant, aids in scouting and minor league operations.

The Royals, since the organization's inception in 1969, have operated one of baseball's most aggressive farm systems and will continue in that pattern in 1981. For the 2nd consecutive year, Kansas City's minor league system will include a triple-A club, a double-A club, 2 A clubs and a pair of rookie affiliates.

Kansas City takes pride in the significant role that its farm system has played in the development of the major league franchise. Over the years the farm system has been especially productive in providing players for the major league team, and certainly, the 1981 season follows that strong tradition. Twenty-four of the 39 players listed on the Royals' 1981 winter roster were signed and developed by the defending American League champions. Included are a number of players who have played on a regular basis—catcher John Wathan; infielders Frank White, U.L. Washington and George Brett; outfielders Clint Hurdle and Willie Wilson, and pitchers Dennis Leonard, Paul Splittorff, Dan Quisenberry, Renie Martin and Rich Gale. Additionally, 5 new products of the Royals' farm system appear on the major league roster for the 1st time in 1981.

Last year's crop of minor league players produced an impressive list of individual credentials. Standouts at Omaha included infielder Manny Castillo, the American Association leader in at bats, hits and triples, and outfielder Dan Garcia who finished 4th in the loop batting race with a .320 average. Infielder Onix Concepcion was named to the Topps' double-A All-Star unit as the result of a .322 average at Jacksonville prior to subsequent jumps to Omaha and Kansas City. Other players enjoying strong campaigns in the Southern League were outfielder Pat Sheridan, 5th in the circuit with a .305 average, 1st baseman Ron Johnson, a top run-producer with 23 homers and 104 RBI, and pitcher Mike Jones, 13-6 before joining the major league club in late August. Brad Wellman, an All-Star 2nd baseman, was 2nd in the Florida State League batting race with a .333 standard. Another youngster earning attention was outfielder-3rd baseman Darryl Motley, a .303 hitter at Ft. Myers prior to a .319 showing at Jacksonville.

In addition to belonging to the Major League Scouting Bureau, the Royals' player development phase is enhanced by 14 full-time scouts and a contingent of 11 part-time scouts.

ROYALS STADIUM

In the period of just 8 years, Royals Stadium and the unique Harry S Truman Sports Complex have become landmarks in Kansas City. Built exclusively for baseball, Royals Stadium has drawn rave notices since opening in 1973. Maybe United Press International's description, "perhaps the finest facility for the game ever erected," describes it best.

The stadium opened April 10, 1973, with the Royals defeating Texas 12-1 before 39,464 fans. That culminated the dream which had been building since the citizens of Jackson County okayed by more than the two-thirds majority needed \$43 million in general obligation bonds on June 27, 1967.

Inflationary costs led to \$13 million of revenue bonds, and personal investments by franchise owners Ewing Kauffman of the Royals and Lamar Hunt of the neighboring Kansas City Chiefs brought the cost of the total project beyond \$70 million.

The Stadium's affect has been tremendous as Kansas City has topped the million mark 8 consecutive years in the new home capped by last season's all-time Kansas City record of 2,288,714, the 5th consecutive season the club has set a new attendance mark and 3rd consecutive year over 2 million. A total of 14,009,389 have paid their way into the Stadium since opening day for an average of 1,751,174 fans per season.

The features of Royals Stadium are numerous, but the Tartan Turf surface which covers both the infield and outfield, a 12-story high scoreboard and 322-foot wide water spectacular which cost more than \$3 million and a \$1,500,000 stadium club are among the most talked about items.

The scoreboard, in the shape of the Royals' crest, flashes statistical data, much of it figured instantaneously by the 2 computers, and shows animated cartoons. The board contains 16,320 light bulbs, most of them on the 40-foot wide, 60-foot high screen.

The water spectacular, the largest privately-funded fountain in the world, is a regular part of each Royals Stadium show.

It runs from centerfield toward the rightfield corner and contains a 10-foot high waterfall which descends from the upper cascade pool which serves as a background for 2 water fountain pools 40-foot wide. It terminates with 5 10-foot high horseshoe falls in front.

The water show includes 150 combinations of spray and color effects, with an awesome number of possible variations. It takes nearly one half million gallons of water to fill all the pools, and up to 50,000 gallons of water can be thrust into the air at one time. There are 638 nozzles and underwater illumination is by 670 500-watt lamps.

The stadium club, located on the third base side of Royals Stadium, provides 4 tiers of dining area, each with a view of the playing surface. Nearly 500 fans may enjoy the indoor dining comfort while they watch the game. Another 300 may take advantage of 3 beautiful banquet rooms for pre or post-game events.

Only members and their guests may use the main dining area. The banquet rooms are available to any group.

Twenty privately-leased business suites, decorated by the individual company, also are available to add to the total enjoyment of many.

Media representatives work in the air conditioned comfort of a modern press box. The level just above includes 7 broadcasting booths and there are ground level and press level photographer and television camera positions.

Four circular ramps and 4 escalators make all sections easy to reach. Some 20,314 of the 40,628 seats are on the lower level with 2,492 on the club level (even with the press facilities) and 17,822 on the upper level.

Parking spaces are available for a very ample 16,000 automobiles and 80 buses, and the stadium is conveniently located just off Interstate Highways 70 and 435. The Truman Sports Complex is 10 minutes east of downtown Kansas City.
